

“ Pastoral Response to a Sexually Broken World tackles subjects that are not usually discussed in church. The talks demonstrate that God’s healing and salvation reaches even the sexually obsessed. Pastors, counselors and lay leaders would benefit from these lectures.

Dr. James Stamoolis • author and consultant, former Dean of Wheaton College Graduate School

“ After our leadership team attended the seminar we were thrilled to know we could listen to the information again and again. From the roots of the struggle to divine healing prayer to evangelism, the content is theologically sound, sensitive and extremely interesting.

“As a ministry we will be using these tapes to both train our leaders and [provide] hope for strugglers. I recommend they be part of every church ministry library.”

Jan VanKlavern • Former Director of Safe Place, Willow Creek Church
